

Orientation Course

All students are required to take ORI 101 or ORI 105 unless they are transient students, dual enrollment students, students in a technical program that requires WKO 110, or transfer students that have previously taken a comparable Student Success course at another institution. Any other exceptions must be approved by the Dean of Academic Programs or the Dean of Workforce and Economic Development. The course is designed to introduce students to the college experience by providing the tools needed for academic and personal success.
