LPN-to-RN MOBILITY

ASSOCIATE IN APPLIED SCIENCE (AAS)

The LPN to Associate Degree Nursing Mobility program prepares licensed practical nurses to transition to registered nursing careers through classroom instruction and hands-on clinical training. Students build on existing knowledge while developing skills in clinical judgment, patient assessment, and care coordination. Graduates are prepared to take the NCLEX-RN and become licensed as registered nurses (RNs), with opportunities in hospitals, clinics, long-term care, and other healthcare settings.

APPLICATION DEADLINES

Fall Entry – February 1
Spring Entry – September 1

All required application materials must be received by the deadline.

ADMISSION REQUIREMENTS

Admission requirements and procedures may change without prior notice. Please check with Health Sciences Division and/or website for updates.

In addition to general admission requirements, applicants must meet the following criteria:

- Active, unencumbered Alabama or Multistate LPN license
- Unconditional admission to the College
- Minimum 2.5 GPA in required nursing core courses
- Minimum 2.0 GPA at current institution; transfer students must be in clear academic status
- Submit official transcripts from all postsecondary institutions and high school, including proof of LPN program completion
- ACT ≥ 18 or TEAS ≥ 58
- Completion of prerequisite general education courses with a grade of "C" or higher
- Submit application for the LPN-to-ADN Mobility option

Admission to the LPN-to-RN Mobility program is competitive and limited by the availability of clinical placements. Meeting minimum requirements does not guarantee acceptance. Applicants who meet minimum criteria are ranked using a points system based on ACT or TEAS scores and selected college coursework. Additional points may be awarded (see program application for details).

PROGRAM CURRICULUM

PREREQUISITES
